Subject Index

Volume 20

A

Accountability, holistic approach to teaching, 1:20
Admissions screening form, for associate-degree nursing students, 5:23
Adolescent health promotion program, 2:7
African American nurse educators, African American and European American students' perceptions of, 2:11
African American students, perceptions of African American nurse educators, 2:11
AIDS diagnosis, effect on undergraduate nursing students' care of dying patients, 6:15
Alcohol abuse. *See* Chemical impairments
Appointment criteria, for faculty, 2:23
Assessment tools, in maternity units, 3:7
Associate degree nursing students, presentations at psychiatric symposium, 1:11
Associate-degree programs
  admissions screening form for, 5:23
  curricula for, changing to meet evolving healthcare delivery system needs, 6:23
  introduction of research in, 5:5

B

Baccalaureate programs
  burnout in nursing students and, 4:19
  effect of AIDS diagnosis on care of dying patients by students in, 6:15
  Kolb's LSI for study of learning styles of nursing students in, 3:7
  for licensed practical nurses, 5:31
Block teaching, traditional teaching versus, examination scores related to, testing, 4:14
Boyer's scholarship paradigm, 5:26
Burnout, in undergraduate nursing students, 4:19

C

Caring
  incoming students' perceptions of their caring behaviors and, 6:36
  teaching to nursing students, 3:3
Challenge examinations, to demonstrate a student-centered philosophy, 6:7
Chemical impairments
  as curriculum element, 5:10
  among nursing students, 2:19
Class participation, designing experiences for introverted students and, 4:30
Classroom discussion, as teaching strategy, 3:9
Clinical evaluation
  of failing students, facilitating, 5:5
  tool for, providing student feedback, 3:9
Clinical experiences
  effects of touch on stress reduction in nursing students during, 6:5
  moving into primary care settings, 4:12
Clinical leadership, 3:11
Clinical sites, development at a day camp, 2:34
Collaboration, among nursing school administrators, 2:15
Collaborative faculty-student research, 4:40
Collages, as classroom strategy, 3:19
Communication
  about oneself, in classroom, 5:4
  faculty retreats for, 3:12
Community health nursing
  in migrant farm camps, 4:15
  in nurse-managed centers, consumer satisfaction survey tool for, 3:28
Confrontation, therapeutic, Johari Window as strategy for teaching, 3:22
Consumer satisfaction survey tool, for nurse-managed community health center, 3:28
"Cookie Experiment," 3:13
Cooperative learning strategies, for teaching nursing research, 4:26
Critical-thinking skills
  faculty-student partnerships for enhancement of, 2:38
  jigsaw technique for teaching, 3:6
Curricula
  associate-degree, changing to meet evolving healthcare delivery system needs, 6:23
  faculty retreats for review of, 3:12
  for registered nurses, restructuring, 6:39
  science of nursing in, 1:24

D

Database, student, setup of, 1:11
Day camps, clinical site development at, 2:34
Decision making, effective, lack of strategies for, 5:3
Developmental themes, teaching strategies for, 4:35
Differentiated nursing practice, 6:8
Dimensional analysis, medication dosage calculation abilities of nursing students and, 3:14
Doctoral education process, 2:17
Dosage calculation abilities, of nursing students, dimensional analysis and, 3:14
Drug abuse. *See* Chemical impairments
Dying patients, effect of AIDS diagnosis on undergraduate nursing students' care of, 6:15

E

Elderly persons. *See* Older adults
Electronic education
  faculty-student linkages through e-mail and, 4:8
  Internet and, 6:9
E-mail
  faculty-student linkages through, 4:8
  Internet and, 6:9
Entry-level nurses, nutrition-related activities of, 4:3
European American students, perceptions of African American nurse educators, 2:11

F

Facilitation, teaching strategies for, 3:25
Faculty
  appointment, promotion, and tenure criteria for, 2:23
  retreat for, for curriculum review and communication, 3:12
  role redesign to enhance program outcomes, 4:5
  tenure and. *See* Tenure
Faculty/student relationships
  beginning with letters, 1:15
  collaborative research and, 4:40
  e-mail for linkages and, 4:8
  enhancement of critical-thinking skills by partnerships and, 2:38
Failing students, facilitating clinical evaluation of, 5:5
Feedback, clinical evaluation tool providing, 3:9

G

Graduate nursing students, minority, success for, 5:8
Group norms, explicit articulation of, 1:14

H

Halloween, nursing students' costumers for clinical day on, 5:3
Health promotion program, for adolescents, 2:7
Holistic approach

in student tour to Great Britain, 6:6
to teaching responsibility and accountability, 1:20

I

Internet, 6:9
Introverted students, designing class participation experiences for, 4:30

J

Jigsaw technique, 3:6
Johari Window, for teaching therapeutic confrontation, 3:22

L

Leadership, clinical, 3:11
Learner outcomes
faculty role redesign to enhance, 4:5
to traditional versus videotaped classes, 2:29
Learning-disabled nursing students, postsecondary education of, 5:18
Learning strategies, cooperative, for teaching nursing research, 4:26
Learning styles, Kolb's LSI for study of, 3:7
Lecture, as teaching strategy, 4:3
Letters, beginning faculty/student relationship with, 1:15
Licensed practical nurses, baccalaureate education for, 5:31

M

Management skills, innovative teaching of, 6:5
Maternity units, assessment tools in, 3:7
Medication dosage calculation abilities, of nursing students, dimensional analysis and, 3:14
Migrant farm camps, community health nursing in, 4:15
Minority nursing students
African American, perceptions of African American nurse educators, 2:11
Multicultural educational teaching strategy for, 2:8
Native American, teaching strategies for, 1:12
success in graduate programs, 5:8
Multicultural educational teaching strategy, 2:8

N

Native American students, teaching strategies for, 1:12
NCLEX-RN, helping students prepare for, 3:33
Nontraditional students, enhancing success of, 3:11
Norms, group, explicit articulation of, 1:14
Nursing practice, differentiated, 6:8
Nursing process, science of nursing in curriculum and, 1:24
Nursing research
collaborative, 4:40
cooperative learning strategies for teaching, 4:26
introduction at associate-degree level, 5:5
scholarly, 1:13
Nursing school administrators, collaboration among, 2:15
Nursing schools, ranking of, 1:16
Nutrition, activities of entry-level nurses related to, 4:3

O

Older adults
experiences of, using to teach nursing students, 5:34
teaching strategies for developmental themes of, 4:35

P

Partnerships, faculty-student, enhancement of critical-thinking skills by, 2:38
Post conferences
conceptually focused, 6:6
improving, 3:10
Primary care settings, moving clinical experiences into, 4:12
Progress of nurse education, 1:4
Promotion criteria, for faculty, 2:23
Publishing, tips for, 5:6

R

Ranking of nursing schools, 1:16
Registered nurse curricula, restructuring, 6:39
Research. *See also* Nursing research
"Cookie Experiment," 3:13
Responsibility, holistic approach to teaching, 1:20

S

Scholarly inquiry and research, 1:13
Stepfamilies, 6:29
Stress reduction, in nursing students during clinical experiences, effects of touch on, 6:5
Student database, setup of, 1:11
Support strategies, for nontraditional students, 3:11
Synthesis process, implementation of, 1:34

T

Teaching strategies
classroom discussion as, 3:9
collage creation as, 3:19
communication about oneself as, 5:4
experiences of older adults to teach nursing students and, 5:34
for facilitation, 3:25
Johari Window as, 3:22
lecture as, 4:3
multicultural educational, 2:8
for Native American students, 1:12
for teaching developmental themes of elderly and young persons, 4:35
for teaching management skills, 6:5
Toymaker Activity as, 4:24
Tenure, 2:13
criteria for, 2:23
Testing
block teaching versus traditional teaching, scores related to, 4:14
NCLEX-RN, helping students prepare for, 3:33
using challenge examination to demonstrate a student-centered philosophy and, 6:7
Textbook selection process, 2:8
Therapeutic confrontation, Johari Window as strategy for teaching, 3:22
"Thoughts for the day," for clinical experiences, 3:5
Touch, effects on stress reduction in nursing students during clinical experiences, 6:5
Toymaker Activity, 4:24
Traditional teaching
block teaching versus, examination scores related to, testing, 4:14
videotaped classes versus, learner outcomes to, 2:29

U

Undergraduate programs. *See* Baccalaureate programs
Unsafe practices, lack of strategies for effective decision making and, 5:3

V

Videotaped classes, traditional classes versus, learner outcome on, 2:29

W

Women's health concepts, integrating in nursing courses, 1:31
Work force needs, ensuring regional nurse supply and, 5:7

Y

Young persons, teaching strategies for developmental themes of, 4:35
